Mother Angelica admits that building a network was never in her plans, but she says that "...since its founding, the Network's mission has been to spread the 'Eternal Word,' and to teach others that Jesus Christ is the Way, the Truth, and the Life." Using television, radio, the Internet and publishing, EWTN has gone global with the message of the Gospel, and is truly the one and only Global Catholic Network.

**OUR MISSION**

EWTN Global Catholic Network is dedicated to teaching the truth as defined by the Magisterium of the Roman Catholic Church. In keeping with the Holy Father's call for a New Evangelization, EWTN's mission is to communicate the teachings and the beauty of the Catholic Church and to help people grow in their love and understanding of God and His infinite mercy.

**What do you do with \$200, a garage, and a passionate desire to spread the message of Christ throughout the world? START A MEDIA NETWORK!**

That's just what Mother Angelica did. It all began in 1981 when, "Doing the ridiculous so God could do the miraculous," Mother stepped out in faith and transformed the garage of her Poor Clare monastery in Birmingham, Alabama, into a TV network. Through God's Providence

*"Go into all the world and preach the Gospel to the whole creation."*  
Mark 16:15

and those supporting Mother's mission with prayer and financial sacrifices, that humble beginning in 1981 has become the world's largest Catholic media network, reaching more than 160 million homes in 140 countries and territories worldwide.
