**What do you do with \$200, a garage, and a passionate desire to spread the message of Christ throughout the world?**

## **Start a Media Network!**

It all began in 1981 when Mother Angelica stepped out in faith and transformed the garage of her Poor Clare monastery in Birmingham, Alabama, into a TV network. That humble beginning in 1981 has become the world's largest Catholic media network, reaching more than 300 million homes in 145 countries and territories. Mother Angelica admits that building a network was never in her plans, but she says that "...since its founding, the Network's mission has been to spread the 'Eternal Word,' and to teach others that Jesus Christ is the Way, the Truth, and the Life." Using television, radio, the internet and publishing, EWTN has gone global with the message of the Gospel.
